Subject: Fwd: do u know how to contact Lisa Jackson

Hi Dave,

Do you have any idea how I can find a way to contact Lisa Jackson. I want to to invite her to an event.
Would you know how to contact her now that she has left the USEPA?
I append a note i left on her Facebook page.
Thanks for the help.

Thanks
Kirk Barrett

Ms. Jackson,
Perhaps you remember me from the Passaic River Symposia, which I organized and you spoke at. I would like to get in touch with you to invite you to speak to a conference of high school students intended to encourage Hispanic and African Americans to pursue degrees and careers in environmental science and engineering. The conference will be held in northern NJ.

Can you please tell me how to contact you?
Thanks for the consideration.
